

## Paint Recycling, Inc.

*The future is ours.* BUY RECYCLED PAINT™

**VISIONS** is an official standards bearer for the coatings industry creating “*Earth Friendly Latex Paint*” products for Government, Business and Home Owners.

**Include VISIONS in your paint acquisition strategy** using *environmentally preferable* paint products that establish compliance with federal recovered material standards, and help reduce and prevent sources of waste. Our quality recycled paint products increase sustainability and life cycle management, while delivering significant cost benefits.

“Environmentally preferable” means products or services that have a lesser or reduced effect on human health and the environment when compared with competing products or services that serve the same purpose.
